

Hello [Customer's Name],

As we approach the end of the financial year, it's an opportune moment to maximize the value of your remaining budget.

Our latest offering, Virtual User Flex Days (VUFD), is the perfect solution for those looking to optimize their spending before the year closes. Designed for customers utilizing the latest 2023 release of LoadRunner Enterprise and LoadRunner Professional, VUFDs not only offer the flexibility and support you have come to appreciate but also ensure that your investment is wisely allocated over the next 12 months.

Whether ramping up for peak testing periods, exploring additional protocols, or enhancing your service delivery, VUFDs provide an unparalleled blend of versatility and value. With special discounted pricing available until June 21st, 2024, there's never been a better time to enhance your performance testing capabilities while judiciously employing your end-of-year budgets.

✨ **Here's what VUFDs can do for you:**

- **Pay Less, Do More:** Develop scripts on a smaller VUser license and then go full throttle with VUFDs for burst testing, saving you money.
- **Unleash Flexibility:** With VUFDs, run an unlimited number of VUsers within a 24-hour period.
- **Round-the-Clock Support:** Your VUFD license comes with premium support.

⚠️ **Note:**

- Available for new and existing LoadRunner Professional (LRP) 2023 customers.
- If you're an existing LoadRunner Enterprise (LRE) 2023 customer, VUFDs are available as an add-on.
- If you're an existing LoadRunner Community customer, VUFDs are available as an add-on.

📅 **Limited-Time Offer!**

We're offering exclusive discounted rates on VUFDs, but hurry—this special pricing ends on 21st June 2024!
